## Verne Hulce Award of Excellence

I am writing you to thank you for the generous Verne Hulce award of Excellence Scholarship.

I was thrilled to attend the MSET Annual Fall Conference on Oct 20, 2018 at Beaumont Health System Troy. First thing in the morning I attended Dr. Al-Hakim's talk about Frontal Lobe Seizures. And then phased to Larry Head's board prep breakout. I cannot tell you how much I appreciated learning from these 2 professionals. They had so much to offer and I will use the information daily to help me perform quality EEG studies to guide the neurologists in giving patients the best care for treatment.

I have been back to work for a few days and have been able to apply what I learned to my every day work. I plan to continue to grow and learn so I can be give patients the best care as a neurodiagnostic technician and have Verne Hulce Award of Excellence to thank in helping be achieve these goals.

Thank you again for your generosity and support.

Sincerely,

Joyce Messer
